Study Session

August 24, 2020

The members of the Board of County Commissioners may attend study sessions virtually or in person, but due to social distancing requirements, presenters and the public may only attend virtually. The public may attend the study sessions (listening only) by calling 1-855-436-3656. The Board of County Commissioners may go into executive session during or at the conclusion of the study session as necessary to receive legal advice or discuss other confidential matters.

The Arapahoe County Board of County Commissioners typically holds weekly Study Sessions on Monday and Tuesday. Study Sessions (except for Executive Sessions) are open to the public and items for discussion are included on this agenda. Agendas (except for Executive Sessions agendas) are available through the Commissioners' Office or through the County's web site at www.arapahoegov.com. Please note that the Board may discuss any topic relevant to County business, whether or not the topic has been specifically noticed on this agenda. In particular, the Board typically schedules time each Monday under "Committee Updates" to discuss a wide range of topics. In addition, the Board may alter the times of the meetings throughout the day, or cancel or reschedule noticed meetings. Questions about this agenda? Contact the Commissioners' Office at 303-795-4630 or by e-mail at commissioners@arapahoegov.com

BOARD SUMMARY REPORT

Date: August 4, 2020
To: Board of County Commissioners
Through: David Bessen, Information Technology Director
From: Mark Harkleroad, Manager of Network Services
Subject: Fixed Asset transfer for SMACS telephone provisioning

Request and Recommendation

The Information Technology Department is requesting that the Board of County Commissioners transfer the \$36,000 assigned to Fixed Asset #303226 in the Central Services Fund to the General Fund for the purchase of SMACS telephone provisioning software. This transfer was approved as part of Information Technology's 2020 Budget.

Background

The SMACS telephone provisioning software will greatly accelerate the provisioning and reconfiguration of desk phones at the County. Currently, the IT Service Desk, when asked to provision, move, or change a phone to a different user, needs to manually go into the phone configuration system and create or modify the record associated with the phone and the user. This is a time-consuming process and has the potential for introducing errors in the detailed configuration. The SMACS provisioning tool allows for the automating of this process, as well as the use of standardized templates for configuration the telephones. It is expected that the system will free up significant amounts of time for the Service Desk staff, who make several hundred telephone configurations each year, so that they can spend more time assisting County computer users.

Links to Align Arapahoe

Discussion

The adoption of the SMACS provisioning software, as noted above, will free up our Service Desk staff to assist County computer users directly, as each phone provisioning will take about 75% less time. This is in line with the County's Service First and Fiscal Responsibility objectives.

Alternatives

We could continue to provision and reconfigure phone manually and not free up staff time to perform more valuable services. As Service Desk work continues to increase in volume, the time savings will help postpone the need to add more staff to the Service Desk.

Fiscal Impact

There is a modest fiscal impact to implementing SMACS. There is an annual maintenance cost of \$7200, which has been budgeted for 2020 and proposed for 2021.

Board Summary Report

Date: August 11, 2020
To: Board of County Commissioners
Through: Tyler S. Brown, Sheriff
From: Olga Fajaros, Finance Manager
Subject: Authorization for One Fixed Asset Number for All Mobile Video (AMV) Streaming Interface

Request and Recommendation

Request the Board of County Commissioners to authorize the Finance department to issue one fixed asset number for AMV streaming interface for the Sheriff's Office Public Safety Bureau.

Background

The Arapahoe County Sheriff's Office and the Aurora Police Department wish to jointly apply for a Justice Assistance Grant to provide additional funding to purchase an AMV streaming interface. The Arapahoe County Sheriff's Office (ACSO) and the Aurora Police Department have jointly applied for the JAG 2020 Justice Assistance Grant (JAG) to provide additional funding for an AMV streaming interface.

Discussion

The Arapahoe County Sheriff's Office applied to receive \$23,801 from the 2020 Edward Byrne Justice Assistance Grant (JAG) with the City of Aurora. Of those funds \$9,515 will be used to pay for the fixed asset.

Alternatives

If the fixed asset number is not issued, Arapahoe County Sheriff's Office may have to forfeit the portion of the funds allocated for an AMV streaming interface.

Fiscal Impact

The cost of an AMV streaming interface for the Public Safety Bureau is currently \$9,515. There are no additional fiscal impacts, and there is not a matching fund requirement for this fixed asset.

Concurrence

The Sheriff's Office Administration and Public Safety Bureau are in concurrence with this decision.
