

July 28, 2020

Dear Board of Commissioners,

Subject: Request for 2021 Investment Funding

The Unincorporated Arapahoe County Economic Development (UACED) is requesting \$10,000 for 2021. This is an increase of \$5,000 from the amount granted in 2020, which was the first-year investment money was granted to this organization.

UACED is a 501 (c) (3) non-profit organization that has been in operation approximately 3 years. Our action is designing and establishing programs/projects along the I-70 Corridor extending from Watkins to Deer Trail. Our most successful program developed out of a partnership with the Town of Bennett Arts Council is the Eastern Plains Summer Concert Series, which offered 6 FREE Public Concerts. This will be the second year for the summer concert series.

In our presentation, we will recapp the many programs/projects that have been completed through endless hours of work and coordination. Our intent is to keep expanding through partnerships and bring new and creative programming to the I-70 Corridor that promotes growth and prosperity.

We wish to thank you for your support and your profound financial investment contribution to this organization and hope that you will continue your support in the future.

Warm regards,

James Shelley
Executive Director, UACED
