

1. AMV Insight RT1 Video Streaming Interface, \$9,515.00

The Arapahoe County Sheriff's Office Special Operations units utilize several platforms which assist with search and rescue, tactical SWAT/Bomb Squad operations, Emergency Management functions, as well as crime scene and traffic accident reconstruction video. ACSO has identified a need to provide real time streaming of the video captured on these various platforms that can be viewed on multiple devices and across the variety of platforms in use. The AMV Insight RT1 Interface provides for secure low latency video streaming that will provide decision makers with critical real-time information anywhere from any device. The JAG funds allotted for this program would be able to purchase one (1) InsightRT1 w/Integrated Road Case including shipping and 12 months of AMVision Streaming Fees for a total of \$9,515.

2. Scott M120 Air-Purifying Respirators (APR) and P-100 APR Filters, \$14,286.00

The Office of Emergency Management has depleted their cache of Air-Purifying Respirators (APR) and corresponding P-100 filters. In an effort to help restock that cache, the ACSO would use JAG funds to purchase forty five (45) Scott M120 APRs and fifty tree (53) P-100 filters. Total funds for this program are \$14,286.00
