

DRAFT MOTIONS FOR OIL AND GAS IMPACT FEES

Motion for Approval (*Adoption of FHU Study recommended fee schedules, with roto-pave roads treated as asphalt, and with 40% reduction*)

In the matter of the request and recommendation in Case Number C18-025 from the Department of Public Works and Development to adopt and approve the imposition of impact fees for new oil and gas facilities, after having reviewed the request and recommendations for impact fee schedules set forth in the Board Summary Reports, the FHU Study, and the proposed Resolution contained in the record for this item, and having considered all comments received, I hereby move to **approve** the adoption of impact fees to be imposed on all new oil and gas facilities in the areas of unincorporated Arapahoe County and at the amounts recommended in the FHU Study, with roto-paved roads treated as asphalt and the fee amounts reduced by 40%, as provided in the proposed Resolution.

Motion for Denial

In the matter of the request and recommendation in Case Number C18-025 from the Department of Public Works and Development to adopt and approve the imposition of impact fees for new oil and gas facilities, after having reviewed the request and recommendations for impact fee schedules as set forth in the Board Summary Reports, the FHU Study, and the proposed Resolution provided in the record for this agenda item, and after having considered all comments received, I hereby move to **deny** the request.

Motion to Continue

In the matter of the request and recommendation in Case Number C18-025 from the Department of Public Works and Development to adopt and approve the imposition of impact fees for new oil and gas facilities, I move to continue the request to *[date and time]*.
