2014 Arapahoe County Hazard Mitigation Plan Public Meetings

The Arapahoe County Sheriff's Office of Emergency Management would like to announce two upcoming public meetings related to the County's 2014 Hazard Mitigation Plan. This planning project involves identifying local mitigation actions that can be taken over the long term to reduce risk and future losses from natural disasters.

Public involvement in the planning process is vital to the successful implementation of the Hazard Mitigation Plan. Please join us at one of the upcoming public meetings to learn more about the hazards that impact Arapahoe County and the County's mitigation strategy to reduce the impacts of these hazards on our citizens, businesses, and infrastructures.
