Residential Remodel-Renovation - Gas Line	Remodel project requires a new natural gas line to be installed to accommodate the kitchen stove, fireplace, and deck grill and portable fire pit. Existing home has 1" supply line to the basement mechanical room. Tee off of this 1" line to source the appliances noted above. The first tee off of the new 1" line will source the previously demo'd fireplace via a 3/4" line and reduce to 1/2" at the fireplace shutoff valve. The second tee of the 1" line will source the deck grill and portable fire pit via a 3/4" line to the outside wall then transition to 1/2" to both appliances. The last tap off of the new 1" line will source the kitchen stove via a 3/4" line and 3/4" shutoff at the point of use.	MICHAEL NORMAN	4532 CHRISTENSEN CIR, LITTLETON, CO 801236500	BLD-2021-04085	2/9/2022	\$ 2,000.00	LITTLETON SCHOOL DISTRICT

Waterheater Electric							
Sub-Type	Description	Applicant	Address	Record No	Date Issued	Valuation	School District
Waterheater Electric	New water heater installed by Waters of Life Plumbing by owner who "flipped" the condo and had a contract to sell it to Kevin N. Smith in December 2021. After the closing, all power went out in the condo on Jan. 28th. Power was restored through outside box, but then the hot water heater did not heat. Plumber from company came out - said it had not been grounded and closed down all power to it. No permit had been pulled when it was installed. Electrician came and "fixed" the water heater issue but also found that there is a switch on inside box that sparked - unknown what it goes too. Clothes dryer has also had problems and had to be re-set. New homeowner is very unsure of the safety of the unit now and requests a full inspection to prevent a major problem in his home and in the building. (Note that an inspection was done before the closing but major issues were not found.)
