Q: What do you tell students & parents about school safety?

We all play an integral role in the process of maintaining a safe and secure school environment, which includes information sharing and situational awareness, along with understanding how to address and report concerns. My role as an SRO is not just the response to the dangerous incident, but also includes addressing concerns before they become significant issues, along with being a role model and mentor to the community.

Q: What do you enjoy most about being a SRO?

Having the time and ability to positively impact the student community, which can be as simple as having lunch, a brief conversation, or being a trusted adult or mentor. I enjoy the opportunity to teach classes and provide information about things such as alcohol, drugs and personal safety.

Q: What is one accomplishment you'd like to tell us about?

Being a father to 2 wonderful daughters and a husband to my amazing wife.

Q: What is your favorite hobby?

Fishing and skiing with my daughters.
